

Sex Education Curriculum Plan

Topic	Key Stage 2 outcomes
Status:	Sex education is not mandatory in the primary sector. However, we feel that due to the cross-overs with health education and science which are mandatory, it is important that the relevant, age appropriate education is given.
The right to withdraw	<p>At Key Stage 1 there is no sex education.</p> <p>Parents have the right to withdraw their child from lessons which are discrete Sex Education lessons. They do not have the right to withdraw from Health Education, PSHCE or Science. All discrete Sex Education materials will be shared with parents prior to teaching taking place- parents will be invited to an open evening prior to the lessons commencing.</p>
Sexual intercourse	<ul style="list-style-type: none"> • Pupils can describe, using accurate vocabulary, what happens between a man and woman that has the possibility of resulting in a baby. (Big Talk Education, Living and Growing Y4 Y6) • Pupils can suggest how close intimate relationships might affect people physically, emotionally and spiritually. . (Big Talk Education, Living and Growing Y4 Y6) • Pupils can discuss how people choose to have babies and can suggest criteria for when it might be a sensible time. . (Big Talk Education, Living and Growing Y4 Y6) • Pupils can explain why some people argue that the best time for such closeness is within a long-term, faithful and committed relationships such as marriage. . (Big Talk Education, Living and Growing Y4 Y6) • Pupils can talk about how some people don't choose this option and prefer to not have sexual intercourse with anyone and that this is another positive choice. . (Big Talk Education, Living and Growing Y4 Y6)
Sex and the Law	<ul style="list-style-type: none"> • Pupils can show that they know that in the UK it is unlawful to have sex until you are 16. (PSHCE, Big Talk Education, British Values Rule of Law)
Gestation , pregnancy , birth and parenthood	<ul style="list-style-type: none"> • Pupils can explain what happens at conception and are able to explain the journey from pregnancy to birth. (Science, Big Talk Education, PSHCE, Living and Growing Y4 Y6) • Pupils can talk about why having a baby is wonderful but a huge responsibility. (PSHCE, Big Talk Education, Living and Growing Y4 Y6, Science)

Sex Education Curriculum Plan

The media, self-esteem , advertising, online file and image sharing. and the impact and use of pornography	n/a
Keeping safe from peer-pressure, unplanned conception and sexually transmitted diseases	n/a
Key theology	<ul style="list-style-type: none">• Pupils can explain that most Christians believe that God loves all people with a love that is stronger and purer than the love of a husband, wife or partner; that Christians believe (as do people of other faiths) that love never dies or fails.• Pupils can explain that most Christians believe that humans are beautifully created; can explain that this means in a one-to-one relationship a person can practice enjoying the wonderful creation of another human and get to carefully observe and celebrate another person over time.• Pupils can explain that Christians believe that humans are fallen – they can make mistakes and hurt people on purpose or unintentionally.• Pupils can explain how the Christian idea of forgiveness can help to keep intimate relationships going over time.• Pupils can explain why the Christian belief in the faithfulness of God is a model for human relationships and why the quality of faithfulness may help keep marriages and other long-term committed relationships going over time.
